SUMMARY

Performance-driven **Frontend Developer** with expertise in building scalable, component-based web applications using **React.js** and **Next.js**. Proven track record in optimizing UI performance through **Virtualization** and **Pagination**, while integrating complex **REST APIs** and **Shopify Storefronts**. Adept at managing full-cycle deployments using **Docker** and **Oracle Cloud** infrastructure.

SKILLS

Languages: JavaScript (ES6+), Java, HTML5, CSS3
Frontend: **React.js**, **Next.js**, **Tailwind CSS**, React Router, Axios
Web Concepts: **REST API Integration**, **JWT Authentication**, **Pagination**, **Virtualization**, Lazy Loading, Responsive Design, Component-Based Architecture, **Performance Optimization**
Tools & Platforms: **Git**, **GitHub**, **Docker**, **Oracle Cloud**, AWS (Basic), **Shopify Storefront API**, Postman, VS Code

EXPERIENCE

Frontend Developer Feb 2026 – Present
Monkson Chart Pvt. Ltd. Remote / Uttarakhand

- Engineered responsive and high-performance website and trading dashboards for **Trade.MonksonChart** using **React.js** and **Tailwind CSS**.
- Developed a headless e-commerce storefront, **GarnusIndia.com**, leveraging **Next.js** to enhance SEO and **page performance**.
- Integrated **Shopify Storefront API** to manage customer authentication, complex product collections, and seamless checkout workflows.
- Configured and deployed a **Frappe LMS** instance on **Oracle Cloud** using **Docker**, ensuring high availability and system reliability.
- Optimized server resource utilization by implementing a **5 GB Linux Swap Memory** on Ubuntu, preventing container crashes during production builds.
- Collaborated on the migration of legacy web infrastructure to **AWS (EC2)** and managed remote servers using **Tabby** and **SSH**.

Frontend Developer Aug 2025 – Jan 2026
GenZChat Remote / Uttarakhand

- Developed an **AI-powered chat platform** interface using **React.js**, focusing on **Responsive UI** and **Reusable Components**.
- Implemented comprehensive **JWT Authentication** flows, including secure **Login**, **Signup**, and **Protected Routes**.
- Optimized the rendering of large message datasets by implementing **Virtualization** and **Pagination** techniques.
- Integrated **REST APIs** for real-time AI conversations, ensuring low-latency data synchronization and smooth user experience.
- Delivered production-ready features by collaborating with cross-functional teams to resolve UI bottlenecks and state management issues.

EDUCATION

Uttarakhand Technical University Expected Graduation: 2029
Bachelor of Technology in Computer Science & Engineering *Roorkee, India*

Government Polytechnic Dwarahat Graduated: 2025
Diploma in Computer Science Engineering *Uttarakhand, India*

LEADERSHIP & ACHIEVEMENTS

- Vice President (School Captain):** Led a team of student representatives to organize institutional events and bridge communication between faculty and 500+ students.
- Debate Competition:** Secured **2nd Position** in the University-Level Debate Competition, showcasing strong communication and analytical reasoning.

HOBBIES

Poetry Writing, Creative Writing.
